MECADIAG THE MAINTAINANCE AT THE HAND

1. How does it work?

The Mecadiag Pocket allows the carry out of a complete diagnostic as well as an update of the computers.

It is associated to a program (Mecadiag PC) which runs on a PC, allowing an update through internet.

2. Mecadiag Pocket in detail

«All roads»

- ▶ Anti-choc.
- ▶ Shockless.
- ▶ To be connected to the diagnostic plug from the machine.

Compact

- ▶ Intuitive use.
- ▶ Easy navigation.
- ▶ Clear façade.

Troubleshooting

- ▶ Complete tailored diagnostic.
- ▶ Update of the computers.

An interactive tool

- ▶ Always updated tool.
- ▶ Help menu with pictures.
- ▶ Multiple language.
- ▶ Easy to install.

3. Modalities

- ▶ + A licence valid one year. Which you will have to renew every year if you want to keep the dealer access level.

- ▶ To be ordered directly by Comnet.
